RUNAWAY COUPLE  
HEADED THIS WAYA MILLIONAIRE'S DAUGHTER IN  
SANTA ROSA WEDS WITHOUT  
HER FATHER'S CONSENT.STOCKTON, June 3.—Miss Emma  
Shea, the handsome daughter of Cor-  
nellius Shea, the millionaire resident of  
Santa Rosa, is again a bride, but quite  
against the wishes of her parents. The  
young woman was reported to have  
been married in Sacramento yesterday,  
but she was married here this afternoon  
to Fred J. Bertolani formerly of Sacra-  
mento, but more lately of Santa  
Rosa, where he recently went through  
bankruptcy because he and his brother  
were unable to profitably conduct a  
grocery store.Miss Shea is very stately and hand-  
some brunette, and her appearance  
with Mr. Bertolani in the County Clerk's  
office in quest of a license drew much  
attention to the couple. He gave his  
age as twenty-eight and hers as twenty-  
two years, both of Santa Rosa. The  
couple were referred to Justice of the  
Peace Albert C. Parker, whose court-  
room is also located in the courthouse.  
John Skelton of Sacramento, who is a  
friend of Bertolani, accompanied the  
couple and served as one of the wit-  
nesses. Miss Gertrude Starkhouse the  
official court reporter, and E. S. Parker  
the District Attorney's stenographer  
were also witnesses to the ceremony.Justice Parker informed them that it  
would be necessary to leave the mar-  
riage certificate with him in order that  
he might have it recorded, and he asked  
where they desired he should forward  
it. They informed him that they had  
intended going to Honolulu at once, and  
his honor casually asked how long they  
intended remaining there."Until the old gentleman sends for  
them to come home," spoke up Skel-  
ton with a merry twinkle in his eye,  
thus plainly indicating that the mar-  
riage was being performed without the  
consent of the parents of the young  
lady. The couple left on the afternoontrain for San Francisco and will sail  
for Honolulu without delay.Miss Shea has once before had ex-  
periences in a matrimonial way, hav-  
ing been the wife of Vernon Tukey of  
Washington for a time, but all was not  
harmony, so the young lady secured a  
divorce and was granted permission to  
resume her maiden name.JEWS PREPARE  
FOR DEFENSESEVERAL THOUSAND REVOLVERS  
DISTRIBUTED AND OTHER MEAS-  
URES TAKEN.BERLIN, June 3.—A dispatch re-  
ceived here from Odessa, under date of  
May 28th, says the Jews there are now  
prepared to defend themselves intelli-  
gently. Several thousand revolvers  
have been imported since the Kishineff  
massacre, so that at present almost  
every Jew, man or woman, is armed.  
Those who were unable to buy weapons  
received them as gifts from the defense  
committee.A system of communication has also  
been agreed upon so as to spread warn-  
ing throughout the city when there is  
indication of violence in any quar-  
ter. Families residing near each other  
will concentrate for defense, and every  
second man will join with what might  
be called an expeditionary corps to  
take part in aggressive defense where  
anything is actually going on. The  
Jewish safety committee reported to  
have arranged with the workman's  
associations for aid in the event of out-  
breaks. Arms have been distributed  
from Odessa to the Jews in other cities  
of Russia.The Tageblatt today prints a dis-  
patch from St. Petersburg announcing  
that a law was published there today  
giving a list of 101 towns in Russia  
in which Jews are allowed to acquire  
land and live without restriction. Jews  
are temporarily forbidden to buy land  
outside these places, where they will be  
legally settled.

## DEVELOPING WATER POWER.

C. S. Desky is planning to develop  
power for the Pacific Heights electric  
light system, by placing a turbine  
wheel in the valley to be driven by water  
from the Heights with a head of  
several hundred feet.

## KOHALA-HILO.

Arrangements so far made give as-  
surance of the success of the Kohala-  
Hilo railway scheme. Mr. Peck writes  
from San Francisco that everything is  
satisfactory there and that he will be  
here in time to break ground on July  
4. Before leaving here for the coast  
Mr. Peck had subscriptions to stock  
amounting to more than a quarter of a  
million dollars from coast people. His  
letters indicate that this sum has been  
increased.—Hawaii Herald.

## CANE CARS DESTROYED.

HILO, June 11.—Early last week some  
cane cars on the tracks of the Hilo  
Railroad near the Peck road started  
wild down the track and the wrecked  
at Mountain Views where they jumped  
the rails. An examination of the  
chains by which the cars were anchored  
showed that the metal had been cut  
and the cars wrecked maliciously.  
Manager McStocker, for the Olua Sugar  
Co., to whom the cars belonged and  
Superintendent Lambert, decided  
to offer a point reward for the arrest  
of the person who committed the crime.  
Deputy Sheriff Overend took charge  
of the case and with Officer Hayama be-  
gan an investigation which resulted in  
the arrest of a Japanese woman who  
was believed to know who did the  
work. Within forty-eight hours the  
husband was under arrest and he has  
since made a full confession of his  
crime.—Hawaii Herald.

## THE KOREAN SUITS.

The trial of the 113 cases of F. W.  
Berger vs. E. F. Bishop will be re-  
sumed before Judge Estee on Monday  
morning.

## UNPAID BILLS ACT.

The unpaid bills act is in the hands  
of the Governor and has not yet been  
signed. The executive is going over  
the items and it is said that he may  
veto some of them. This morning  
Governor Dole was at Kapiolani park,  
reviewing the national guard.

## MAY BE RECALLED.

HILO, June 11.—It is possible that  
Rev. Massey, who occupied the Foreign  
church pulpit for a few months several  
years ago, may be called to that  
church. He is now in New Zealand.—  
Hawaii Herald.

## DEPARTING.

Saturday, June 11.  
Am. ship A. J. Fuller, Haskell, for  
Port Townsend in afternoon.

## KAHULUI.

Arriving, June 13, S. S. Whittier,  
Nielsen, 10 days from San Francisco;  
Am. bktn. Fullerton, McInnes, 10 days  
from San Francisco.

## THE EIGHTH WONDER.

A man in New Jersey is aspirant for  
the vacant post of the eighth wonder  
of the world. He has made a complaint  
that, though he has four children at-  
tending the public schools and has re-  
sided seven years in his present place  
of residence, he has never been assess-  
ed on his property so as to give him  
the chance of bearing his just share of  
taxation. He will probably be assess-  
ed as soon as the officials to whom  
his complaint was made have recov-  
ered from their present dazed conditions  
sufficiently to avert further danger of  
nervous prostration.—Boston American.

## HE BEAT THE DEAD.

The case of the Mississippi negro who  
came to life after being legally hanged  
and pronounced dead is surpassed by  
that just reported of a negro who was  
hanged by a mob, had 17 bullets shot  
into him and was left for dead, but  
who came back to life as the authorities  
were preparing the body for burial the  
next day. This sounds like a pretty  
large story, but not much more so than  
the other, and both are reported true.

## MAY ACT IN SUMNER CASE

(Continued from page 1).

ed, some of them having been delayed by the illness of Justice Perry.  
The calendar will be called on Monday and cases set for argument.The most important matter that may come before the court this time  
is the county bill contest. It is not unlikely that the case will have to  
await the next session, however, as it has just been submitted to Judge  
Gear. If the latter files his decision in time, an effort will be made to  
have the case heard by the Supreme Court at once.

## HOW TO SELL HAWAIIAN BONDS

LETTER RECEIVED BY SECRETARY CARTER GIVING  
SUGGESTIONS AS TO THE BEST WAY TO MARKET  
MUNICIPAL BONDS. APROPOS OF THE UNSUCCESS-  
FUL EFFORT TO SELL FIRE CLAIMS BONDS AT PAR.A letter containing valuable information and suggestions regarding  
the issue and sale of bonds has been received by Secretary Carter from  
the United States Mortgage and Trust Company of New York, a firm  
which makes a specialty of such matters. Hawaii's last efforts to sell  
bonds ended in a failure, bidders for the fire claims bonds of \$326,000  
failing to appear when advertised for. The letter from New York pos-  
sibly shows some of the reasons why. It was turned over to Treasurer  
Kepoikai, with some circulars and other information which will be of  
interest to the treasurer in this matter and in connection with the new  
insurance commissioner. The New Yorkers wrote as follows:

"Hon. G. R. Carter, Secretary of the Territory, Honolulu, H. I.

"Dear Sir:—We are in receipt of your favor of April 21st relative to  
the attempted sale of \$326,000 bonds of the Territory, and note that  
there may be other issues for the sale of which you desire to make ade-  
quate provision."Our suggestion would be to have the legality of the issue thor-  
oughly established by attorneys making a specialty of municipal law  
prior to the offering for sale."We have found that Judge Dillon's opinion seems to carry more  
weight with the general public than others, and shall be glad to be of  
service to you in arranging with him (or with others if you so desire)  
to pass upon the legality of the issue."As we bring a considerable amount of business to attorneys mak-  
ing a specialty of municipal law, the fees charged are generally much  
less when the business is given to them through this company."We would state in the advertisement that so and so had approved  
the legality of the issue, and that his opinion would be furnished to the  
successful bidder. We would, of course, state that the bonds are to be  
"engraved under the supervision of and certified as to their genuineness  
by the United States Mortgage and Trust Company.""We would make the bids absolute—not subject to the approval of  
bidder's attorney."We would have the bonds prepared and ready for delivery within  
a few days after the sale."We would require a deposit of 2 per cent of the face value of the  
bonds bid for, said deposit to be in the form of a certified check on a  
National or other bank which shall be satisfactory to you."We would prepare circular offerings of sale, clearly stating the  
purpose for which the bonds are to be issued, and their manner and  
place of payment. To this should be attached a form of bid, the notice  
of sale and form of bid being similar to that enclosed. This form we  
have found to be extremely satisfactory in all cases. In this connection  
we may say that should the Territory decide to adopt our method we  
will, without charge, distribute 400 or more such notices of sale to a  
selected list of dealers and investors. These notices we send in sealed  
envelopes and in this way secure the attention of many who could not  
be reached through the ordinary advertising channels."We would not neglect to advertise the issue in the principal finan-  
cial papers making a specialty of affording information concerning  
such matters. This we note was not done in the case of the \$326,000.  
Indeed, the only notice which appeared in several of the papers was that  
furnished by us."We would suggest the desirability of receiving bids in New York  
as well as Honolulu, if such proceeding would be legal, and we offer to  
receive such bids in your behalf without charge."We note that the life of the bonds cannot exceed 15 years, and that  
they must be redeemable at the end of five years. This is, of course,  
rather against the desirability of the security, but should not prevent a  
satisfactory sale provided the bonds are issued in such a manner as to  
command the confidence of conservative investors, and the offering  
fully and properly advertised."We do not think that it would be best for the Territory to sell  
bonds at a discount, but rather that the offering should be at a higher  
rate of interest, so that the bonds may be sold at or above par. Our  
reason for this is that the cost to the issuing community, in the case of  
the discount bond, is uniformly much higher than in the case of bonds  
that are sold at par, or for a premium."This difference is much greater in the case of bonds such as you  
propose to issue, having only a short time to run before they become  
redeemable at the option of the Territory. We would therefore suggest  
that the rate of interest be fixed at 5 per cent."The delivery of the bonds should, we think, be made in New York  
City, and we shall be pleased to attend to this matter for you, also with-  
out charge."If you will kindly furnish us with a statement as to the amount of  
bonds proposed to be issued and their denomination (which we would  
suggest should be \$1,000) we will submit for your consideration an es-  
timate of cost of issuing same in accordance with our method, and such  
other information as you may desire."We shall also be glad to be of service to you in drafting the form  
of bond to be used, so that it will conform to the requirements of the  
market."Trusting that the foregoing may be of some service to you, and  
that we may hear from you again at your convenience, I am,

Very truly yours,

"PARK TERRELL, for the Company."

## SMALL PLANTERS WANT MILL.

HILO, June 12.—The small planters of Olua are looking into the  
feasibility of erecting a small sugar mill to grind their cane. Investiga-  
tions are now under way regarding cost, capacity and character of a  
mill necessary to do the business. As soon as letters that have been  
sent to the mainland bring back replies, the small planters of Olua will  
hold a meeting and decide upon a course of action.—Hilo Tribune.

## SHOT IN ABDOMEN.

HILO, June 12.—Ah Num, a Chinese who has been a small mer-  
chant in Hilo for some time, attempted suicide yesterday morning be-  
fore getting out of bed. He fired a revolver twice, placing the muzzle  
against his abdomen. The shots failed to produce the desired result.  
The police took the injured man in charge and removed him to the hos-  
pital for treatment.—Hilo Tribune.

## YOU WILL NOT

be deceived. That there are cheats  
and frauds in plenty everybody  
knows; but it is seldom or never  
that any large business house is  
guilty of them, no matter what  
line of trade it follows. There  
can be no permanent success of  
any kind based on dishonesty or  
deception. There never was, and  
never will be. The men who try  
that are simply fools and soon  
come to grief—as they deserve.  
Now many persons are, neverthe-  
less, afraid to buy certain adver-  
tised articles lest they be hum-  
bugged and deluded; especially  
are they slow to place confidence  
in published statements of the  
merits of medicines. The effec-  
tive modern remedy known as**WAMPOLE'S PREPARATION**  
is as safe and genuine an article  
to purchase as flour, silk or cot-  
ton goods from the mills of man-  
ufacturers with a world-wide re-  
putation. We could not afford to  
exaggerate its qualities or misre-  
present it in the least; and it is  
not necessary. It is palatable as  
honey and contains the nutritive  
and curative properties of Pure  
Cod Liver Oil, extracted by us  
from fresh cod livers, combined  
with the Compound Syrup of  
Hypophosphites and the Extracts  
of Malt and Wild Cherry; and  
how valuable such a blending of  
these important medicinal agents  
must be to plain to everybody.  
It is beyond price in Weakness  
and lack of Nervous Tone, Anae-  
mia, Scrofula, La Grippe, Lung  
Troubles and Impurities of the  
Blood. Science can furnish no-  
thing better—perhaps nothing so  
good. Dr. W. H. Daffe, of Cana-  
da, says: "I have used it in my  
practice and take pleasure in re-  
commending it as a valuable ton-  
ic and reconstructive." It is a  
remedy that can afford to appeal  
to its record and represents the  
science and knowledge of bright  
and aggressive medical investiga-  
tion. Effective from the first  
dose. Sold by all chemists here.HONOLULU STOCK EXCHANGE
